Raise a forest with your glass

Tread Softly is a range of moderate alcohol, modern wines that are lighter on the environment and on your palate.

“Not only are the wines naturally lower in alcohol, the wines are also crafted with minimal impact to the environment through expert vineyard and water management. In addition, for every dozen bottles of Tread Softly sold, we will plant an Australian Native Tree in a regeneration program in the Yarra Yarra biodiversity corridor in WA. This is a powerful program seeking to give back to the environment that we can often too readily take away from. As of January, we have planted 182,207 native trees and shrubs.”

A SAMPLE OF OUR REVIEWS

Super Cellars Bomaderry – Alcohol Supplier For Weddings & Events

Kel & Matt– Bush Retreat Kangaroo Valley (June, 2019)

A big thank you for your help and expert opinion in aiding us to choose the types of alcohol/drinks and delivering this for our wedding this year in Kangaroo Valley. Your quantities for 100 guests were spot on. The whole process was super easy and made it very stress free for us. Your knowledge on the beer and wine selection was great and our guests loved what we chose with your help.

Rebecca– Merribee, Terara (October, 2019)

What an absolute legend Jeff is! He was so professional and so easy to communicate with. Not only that, but the service was perfect — from the quote, to the delivery, to the quality/range of products, and to the transparent buy-back system — I truly cannot fault Jeff and the team. I can't say thank you enough for helping to make our wedding a top-notch event! And I can't recommend Jeff's service enough.

James– Melross Farm (November, 2019)

Great service & excellent price. Jeff sorted out the alcohol for our wedding. From the get go he was so good, always getting back to us quickly, beat the big retailers price (on first quote), sourced wines he didn't stock and delivered on time and with no stress! Couldn't recommend more.
